FRAUD?
REALLY?

Falsifying records may result in being declared Serious Deficient with the Office of child Nutrition and termination from the FDCFP. All questionable records will be thoroughly investigated by the sponsoring organization. Any deliberate misrepresentation of :

1. Meals served
2. Claiming children no longer in care
3. Marking meals not served
4. Falsifying parent information
5. Signing parent signatures

Constitutes FRAUD and may result in termination and possible prosecution.

A successful review is what we are looking for when we come out to visit. We want to see menus current and up to date. Children eating family style. Sign-in/sign-out sheets up to date (we have to report to DHHR if they are not). Copies of your registration and agreement. Records from previous months. Enrollments. Please call us when you are not serving, not going to be home, on vacation, or have no children. We have to report any discrepancies to DHHR. Remember your capacity.

Did you know?

Many children may be suffering from what is known as Food Insecurity. Unfortunately there are many children in our state that go to bed hungry or do not have enough food to last through out the whole month. Signs to watch for

- Hiding food
- Asking when they are going to eat again
- Low weight
