

About RV CARES Child Care Center

River Valley CARES (RV CARES), established in 2019, provides a safe enriching environment for children ranging in age from six weeks to two years. We offer specialized childcare services for children to promote healthy brain and body development through positive and nurturing relationships. Healthy development and nurturing relationships will be achieved through onsite healthcare services, specialized childcare services, support and education services for families and caregivers, and/or social services provided by Family Navigators who will guide families to needed resources and/or substance use treatment/support. Services/resources in addition to childcare are highly recommended but not mandatory.

Our goal is to provide a safe and nurturing environment that promotes healthy growth and development of your child based on their unique and individual needs. Each day your child will be cared for in a sensory considerate environment where they will engage in activities to aid in the development of healthy brains and bodies. Family members and/or caregivers will have the opportunity to observe and learn effective skills to utilize with children while in their home environment to encourage continued development and healthy attachments.

Children Served: Infants, six weeks through Toddlers, two year of age.

RV CARES Child Care Center will be an integrated and inclusive childcare center. Children that meet criteria for admission will not be discriminated against on the basis of their sex, race, national origin, immigration status, preferred home language, religious beliefs, medical condition, disability, or the marital status/family structure, sexual orientation, or religious beliefs or other affiliations of their families (NAEYC Code of Ethical Conduct P-1.3).
